Rugby Canada is seeking an enthusiastic and committed individual to join our team as a **Performance Analysis Intern**. The successful candidate will gain exposure to high performance rugby and will develop the skill required of a Performance Analyst in a team sport setting. The Intern will be provided with an opportunity to be mentored by and learn from the management personnel of the National Senior Women's Sevens Program.

Please note that this position may require flexible availability to meet the needs of the National Team throughout the term of the internship. Some of the tasks will be focused on providing a professional learning experience in sport performance analysis.

Learning from experienced professional staff, the Intern will have the opportunity to gain valuable knowledge and experience in the following operational areas:

- Assist in daily performance analysis operations;
- Film, capture and code training sessions using SportsCode (video analysis software);
- Upload training sessions and games to the national video distribution platform;
- Participate in small projects providing statistical reporting in areas of the World Rugby Women's Sevens Series and/or training;
- Develop skills in other areas of Performance Analysis as required by Rugby Canada.

Qualifications / Personal Attributes:

- Studying towards a BSc or MSc in Performance Analysis, Kinesiology or High Performance Coaching;
- Knowledge of the intricacies of Rugby Union (particularly Rugby Sevens) is essential;
- Highly proficient with Apple software and hardware, and additional competency with Microsoft Office applications;
- Committed to working in a team environment;
- Strong work ethic, motivated, and able to work independently as required by relevant projects.
